Brief History: Initiated by E. Merck, Darmstadt, Germany, the company was incorporated on 14th October 1970. The setting up of a manufacturing plant for pharmaceutical products in Jakarta in 1972 gave the company a strong base for development in Indonesia. The company started its commercial production in 1974. A basic raw material plant, producing Thiamine Disulfide (vitamin B1), was inaugurated in 1983. Manufacturing, packaging, quality control, and warehousing facilities for the pharmaceutical production were expanded in 1985. Products of the company are mostly for the local market, but since 1987 exports were made to Malaysia, Singapore, Thailand, and Germany. In fulfillment of an obligation to divest 30% of the company's capital to Indonesia investor, the company through the Jakarta Stock Exchange, went public with 1,680,000 shares in July 1981. The company conducted a limited public offering I in May 1999 in order to strengthen its capital structure. This was achieved by settling all long term loans in foreign currency as well as expanding the company's business. In April 1999 there was a global merger between Astra AB and Zeneca Group PLC, as a result of which a new company, Astra Zeneca PLC, was established. Since this new company is represented in Indonesia, hence the whole Astra Division within the company, its employees as well as the marketing business of Astra products, have been wholly absorbed by PT Zeneca Pharma Indonesia at the end of August 1999.
