Business	Poultry Feedmill, Processed Chicken & Poultry Equipment
Company Status	PMDN

Financial Performance: Net income soaring to IDR 2.210 trillion in 2010, compared to IDR 1.612 trillion recorded in 2009.

Brief History: In 1971, the Company obtained the licence from the government of the Republic of Indonesia through Foreign Capital Investment Facility, based on Decree No. 616/M/SK/XI/1971 dated November 29, 1971 of the ministry of Industry of the Republic of Indonesia, to establish poultry feeds factory in Jakarta on a land area of 2.4 hectares.

The Company started its commercial operations in 1972 with production capacity of 20,000 tons a year. The products consist of, among others, cattle feeds (cow, pig) and poultry feeds (layers, broiler and duck). Further, in 1976 and 1979, the company expanded its operation to Surabaya and Medan by setting up factories with capacity of 24,000 tons and 80,000 tons a year, respectively. After undertaking several production improvements, presently, the company has a total production capacity of 650,000 tons a year in its factories in Jakarta, Surabaya and Medan combined. The factory in Jakarta is situated on a land area of 27,284 square meters (with production capacity of 200,000 tons a year), in Surabaya on a land area of 42,565 square meters (with production capacity of 250,000 tons a year), and in Medan on a land area of 17,595 square meters (with production capacity of 200,000 tons a year). Witnessing the increase in the market demand for shrimp feeds, in 1988, the company decided to expand its business in the production of shrimp feeds by establishing a factory with a capacity of 40,000 tons a year in Medan. In connection with the Company's effort to strengthen its market position in poultry feeds, during the extraordinary shareholders' meeting held on April 24, 1990, the shareholders decided to take over 80% of the shares of P.T Charoen Pokpand Jaya Farm, a company domiciled in Jakarta and engaged in poultry and other animal husbandry.
