Business Constructions (Energy)

Company Status PMDN

Financial Performance: The Company booked net income in 2010 amounted IDR 55.16 billion, while in 2009 booked net income amounted IDR 216 billion.

Brief History: PT Truba Alam Manunggal Engineering Tbk was established in Balikpapan on February 1, 2001 as a contractor firm engaging in construction design, engineering, procurement and construction of building, infrastructure and plant. Truba Manunggal later adopted one stop solution as its business strategy for supplying power or electricity need, particularly electricity generated by coal energy. This is in line with the Company's vision, i.e. taking the challenges in engineering and power generation. Current business activities of Truba Manunggal include: (i) supply of fuel for Power Generator and Ownership of Power Generator, (ii) Integrated Engineering, Procurement and Construction services. Truba Manunggal provides supply of coals through its subsidiary, PT Maxima Infrastruktur (MIS), which started its commercial activity since March 2006. To meet the demands for coals, MIS is supported by a number of coal suppliers that have complied with the requirements set by IPP Suralaya. In addition, Truba Manunggal also delivers engineering, procurement and construction services through its 3 other subsidiaries — Manunggal Engineering, Manunggal Infrasolusi and Truba Jurong Engineering.
