Business	Provider services related to the operational of toll road (Jakarta Intra Urban Toll Ways) and other business related to toll ways
Company Status	PMDN

Financial Performance: The net income in 2012 was at IDR 385 billion, increased from last year income at IDR 352 billion.

Brief History : Founded on April 13, 1987, CMNP is Indonesia's first and largest builder and operator of toll roads. It operates and maintains the Jakarta Inner Ring Road under a 30-year concession lasting from 1994 to 2023. The company's scope of business has expanded considerably and now encompasses four main activities: toll road construction, equity participation in toll roads, project management, and toll road operation. One of the company's main success stories is the construction of the 29.59 km Cawang-Priok elevated expressway, which it completed in 32 months, well ahead of the scheduled 40 months. Following from this, the company built the 13.93 km Harbour Road (Tanjung Priok-Pluit-Jembatan Tiga). Two major projects currently under way are the construction of the Metro Manila Skyway and the eastern section of the Surabaya Outer Ring Road. In an Extraordinary General Meeting of Shareholders convened in December 2000, the company's long-serving President Director, Siti Hardiyanti Rukmana, was replaced by Daddy Haryadi. This replacement has helped build a new image for the company, which had been widely regarded as one of Indonesia's most politically connected companies under the Soeharto regime. In May 2001, the company became Indonesia's first toll road operator to conduct an environmental impact analysis.
