Financial Performance: The Company booked net income at IDR 364.992 trillion in 2012, while previous year booked net income at IDR 1.357 trillion.

Brief History: Mulia Industrindo was established on November 5, 1986 and has been listed at the Jakarta Stock Exchange on January 17, 1994. The Company has two operating subsidiaries, namely Muliaglass and Muliakeramik Indahraya and two financial vehicle companies namely Muliaglass Finance Limited and Muliakeramik Finance Limited.

Muliaglass produces float glass, glass container, glass block, and safety glass. Our float glass products are exported to more than 50 countries with export volume reaching 65% of our production in 2000. Glass block and safety glass products are also marketed overseas. On the contrary, glass container products are predominantly sold in the domestic market, catering to the consumer goods and pharmaceutical industries.

Muliakeramik Indahraya produces both floor and wall ceramic tile. We have a total production capacity of approximately 160,000 square meters per day. With our economies of scale, we are one of the most efficient domestic tile players. While aiming to maintain our favorable position in the domestic market, we continue to look for more opportunities to increase our export proportion to obtain USD revenues.
