

ASTRA AGRO LESTARI TBK.

Company Profile

PT Astra Agro Lestari Tbk. was established dated October 3rd, 1988. The Company is committed to manage oil palm plantation with locations spread over Sumatra, Kalimantan, and Sulawesi, producing high quality Crude Palm Oil (CPO), to meet the demands of both the domestic and export markets.

Apart from producing CPO, the Company also produces palm oil derivative products at its refinery established in West Sulawesi. These palm oil derivative products are aimed to satisfy the demands of the export market.

As one of the largest oil palm plantations in Indonesia which has been operating for 35 years, PT Astra Agro Lestari Tbk (Perseroan) may be considered as role model in managing oil palm estates. Moreover, through a partnership model with the communities, both through a plasma program and Income Generating Activities (IGA), the Company was able to realize its vision to become a leading company and contribute to the development and prosperity of the nation.

In addition to strengthening its position at the upstream sector by managing an area of 297,862 hectares comprising nucleus and plasma plantations, the Company also strengthened its palm oil downstream business. Owning a palm oil refinery, PT Tanjung Sarana Lestari in the Mamuju Utara Regency, West Sulawesi and 50% equity shares in PT Kreasijaya Adhikarya in Dumai, Riau Province, has significantly strengthened the Company's competitiveness in the palm oil business chain.

PT Astra International Tbk. is the parent entity of the Company, whereas Jardine Matheson Holdings Ltd, incorporated in Bermuda, is its ultimate parent entity. As of June 30th, 2016, the Company and subsidiaries had 36,584 permanent employees.

August 2016
